**Press release**

**CIE AUTOMOTIVE SELLS ITS BIOFUELS PRODUCTION PLANTS**

**The activity has been interrupted and was available for sale**

Bilbao, January 28, 2019 – CIE Automotive has signed today the sale of its biofuel production plants to Gunvor Group.

The biofuel production plants includes the production plant located in Berantevilla (Álava) – Bionor – dedicated to the biofuel production from waste oil, and the plant located in Palos de la Frontera (Huelva) – Biosur.

The price to be paid by Gunvor Group amounts to 13.6 million euros and will be paid in cash on the closing date, once the conditions for this kind of transactions are fulfilled.

Jesús María Herrera, CEO of CIE Automotive: “Following the exit of Dominion from CIE group in June 2018, this transaction enables us to concentrate our efforts on our core business and focus all the resources in an activity in which we have high margins and returns, the automotive sector, in which our aim is to keep growing and developing successfully our business model”.

By the end of 2018, the entire biofuel production activity of CIE Automotive had been interrupted and was available for sale.

With this transaction CIE group transfers its biofuel production plants and ceases this activity.

This transaction is framed in the Group strategy for the achievement of the Strategic Plan 2016-2020 objectives.
